Early Bird Sports Takes is set to premiere.

Piedmont student Chris Donsereaux to host a new 12-week sports talk show.

Demorest, Georgia, January 31, 2024 – Donsereaux announces new sports talk show on Z98.7 FM. The new show will be about professional sports and news from around all the big leagues.

“I never thought I would run my own radio show here at Piedmont. When I started in Audio 1, I felt like I was not good enough and did not have the voice for it,” said Early Bird Sports Takes host Chris Donsereaux. “Now I feel confident enough to pursue and tackle this after receiving great advice from Dr. Dale Van Cantfort.”

The host, Chris Donsereaux, is debuting a 12-week radio show all about different professional sports. Donsereaux, who has already aired the show's pilot episode, wants to give Piedmont students and faculty the opportunity to hear about professional sports from the words of one of their own. “This is an opportunity to share my sports knowledge on my own platform,” said Donsereaux. “My friends and I always talk about sports, even thought about starting a show. What better way to get my name out there than to start right here.”

In conjunction with Z98.7 FM, Donsereaux will be on the air every Wednesday at 10 a.m.
